

Professional Profile Summary – Kylie Bi

I am currently rebuilding my professional identity, CVs, portfolio wording, and career positioning for two parallel career directions:

1. Creative / Design Industry
2. Automotive Brand Communication / Creative Production

My background is hybrid and interdisciplinary rather than purely “graphic design” or purely “PR”.

Educational Background

- Chinese graduate student currently studying in Italy
- Major: Visual Design & Integrated Marketing Communication
- NABA student
- Strong interest in:
 - speculative design
 - semiotics
 - typography systems
 - visual communication
 - interactive narrative
 - future-oriented communication systems

Core Professional Strengths

The strongest part of my profile is NOT software execution alone.

My core strengths are:

- Concept development
- Visual communication thinking
- Creative production
- Cross-disciplinary storytelling
- Brand communication
- Turning abstract concepts into visual systems
- Managing creative ideas from concept to execution

I am especially strong at bridging:

- clients
- creative teams
- production teams
- execution teams

Suggested Professional Positioning

NOT:

- Junior Graphic Designer
- PR Assistant
- Marketing Assistant

BETTER FIT:

- Creative Producer
- Creative Strategist
- Visual Communication Designer
- Brand Communication Producer
- Creative Communication Coordinator
- Speculative Design Researcher
- Visual Communication & Creative Production

Main Design / Creative Projects

1. Tyranno Project

A speculative communication system between humans and Tyrannosaurus Rex in a future city context.

Project includes:

- typography system
- semiotics research
- speculative design
- world-building
- interaction design
- interactive website
- future communication narrative

This project is considered one of the strongest and most unique portfolio pieces.

Keywords:

- speculative communication
- future narrative
- visual language systems
- experimental typography
- digital storytelling

2. Madam, in Eden, I'm Adam

Role:

- Created visual storyboard
- Directed and executed photography process
- Participated as photographic subject
- Edited and color-graded final images

Key skills:

- visual storytelling

- photography direction
- post-production consistency

3. APRICA AROUND

Role:

- Designed 5A concept logo
- Designed full app interface
- Designed posters
- Created final pitch presentation

Key skills:

- branding
- UI/UX
- visual systems
- presentation design

4. Kindle Project

Role:

- Developed entire campaign independently
- Designed advertising visuals
- Wrote advertising copy
- Used readymade-inspired conceptual strategies

Key skills:

- conceptual advertising
- graphic design
- creative direction

5. MERCURY MARINE

Role:

- Creative concept development
- Poster design
- Video and motion poster design

Key skills:

- campaign visuals
- motion content
- creative communication

6. Deear Magazine

Role:

- Editorial visual designer
- Designed multiple layouts

- Processed visual assets and materials
- Helped maintain publication consistency

Key skills:

- editorial design
- publication systems
- typography
- layout design

7. detalk

An online mental health consultation platform for international communities.

Role:

- Designed logo identity
- Created social media communication visuals

Key skills:

- social communication
- digital branding
- emotional visual language

8. Machine Vision Exhibition – The Infinite Discussion

Role:

- Developed original exhibition concept
- Produced exhibition videos
- Generated dialogue/conversation content
- Built speculative machine-human communication narrative

Key skills:

- exhibition design
- speculative media
- AI communication concepts
- immersive storytelling

Software Skills

Daily-use professional tools:

- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
- Figma
- Framer
- Keynote
- CapCut
- Final Cut Pro

Additional skills:

- website design
- presentation design
- editorial layout
- motion/video editing

Office software:

- Word
- Excel
- PowerPoint

Previous Automotive / Brand Communication Experience

Worked on Audi-related projects with responsibilities far beyond a normal Account Executive role.

Actual responsibilities included:

- creative development
- proposal creation
- client communication
- visual supervision
- vendor coordination
- production management
- timeline management
- live event execution
- content planning
- script/storyboard writing
- campaign execution
- post-production supervision

This role functioned more like:

- Creative Producer
- Brand Communication Producer
- Integrated Campaign Coordinator

Automotive Projects Included

Vehicle Photography / Campaigns

- Audi A3
- Q5L PA
- Q4 e-tron
- Audi A8L
- e-tron Sportback

Responsibilities:

- location scouting
- photographer selection
- visual references
- storyboard/script creation
- client proposals
- on-site execution
- quality supervision

Live Events / Exhibitions

- Guangzhou Auto Show
- Shanghai Auto Show
- Audi RS x GQ Event
- Audi Sea Track Event
- Audi x Ryuichi Sakamoto collaboration

Responsibilities:

- event planning
- celebrity coordination
- supplier communication
- rundown planning
- live execution
- multi-department coordination

AudiChannel Livestream Projects

Projects involved:

- Wang Yibo
- Andy Lau
- Ma Long
- esports collaborations
- RS family campaigns

Responsibilities:

- creative development
- livestream planning
- visual communication
- production coordination
- live execution
- timeline management
- campaign rollout supervision

Some campaigns achieved:

- millions of livestream views
- hundreds of millions of social media impressions

Important Career Insight

The strongest unique value of this profile is:

“Creative + Communication + Production + Visual Thinking”

This is NOT a purely artistic profile and NOT a purely business profile.

It is a hybrid profile combining:

- creative thinking
- visual sensitivity
- execution ability
- brand understanding
- communication systems
- production coordination

Current Goal

Need to build:

1. Design / Creative Industry CV
2. Automotive / Brand Communication CV
3. LinkedIn positioning
4. Portfolio wording
5. Professional bio
6. Stronger career narrative for European creative industry

Target regions:

- Milan
- Amsterdam
- Berlin
- Copenhagen
- European creative studios
- branding agencies
- luxury communication
- creative production
- speculative design studios
