

对于 **Portfolio** 首页（**Landing Page / About Intro**）

他们更喜欢：

- 清晰的职业身份
- 独特的方法论
- 简洁但有深度
- 留有解读空间

根据你的经历（Audi + NABA + TYRANNO + Editorial + Exhibition Narrative），我认为最适合你的定位不是 Designer，而是：

Narrative-Driven Communication Creative

或者

Communication Designer & Creative Producer

没有把你锁死在某个职业标签里。

它允许你同时申请：

- Speculative Design Studio

Version B（更偏 Creative Industry）

如果未来你想突出 TYRANNO 和 speculative design。

Kylie Bi is a communication designer and creative researcher interested in the construction of narratives, symbols, and speculative worlds.

Her work investigates how communication systems shape relationships between people, technology, culture, and imagination. Through interdisciplinary approaches that combine visual communication, semiotics, editorial practices, and creative production, she creates projects that transform abstract questions into tangible experiences.

Working between research and practice, she is particularly interested in communication as a tool for world-building, collective meaning-making, and cultural storytelling.

如果你的 Portfolio 需要同时面对 Audi、Alfa Romeo、Pininfarina、品牌咨询公司以及创意工作室，我最推荐这个。

如果让我按照你目前的职业履历、欧洲求职市场以及未来 5 年的发展空间来判断：

Version C 最适合作为 Portfolio 首页正文。

因为它同时容纳了：

- Audi 的经历 (brand communication)
- TYRANNO (speculative design)
- Deear (editorial)
- Infinite Discussion (exhibition narrative)
- 摄影项目 (visual storytelling)

而不会把你限制成：

- Graphic Designer
- Marketing Specialist
- Researcher

任何一种单一身份。

Portfolio 首页甚至可以只放：

Kylie Bi

Communication Creative | Visual Storytelling | Creative Production

Narrative-Driven Communication Creative

Communication Designer & Creative Producer

然后接上 Version C 的三段文字。

这种写法会非常符合当下欧洲创意行业的表达习惯。
